Friday Workshop Options

1. Transitions from the Very Start

Time: 10:30 am - 12:00 pm

We often think about helping children move through their day with transitions is just for older children, but starting to use transitions with younger children is just as important. Transitions are important rituals that support children as they move from one activity to another. Come join us to learn how you can create meaningful and fun transitions in your classroom.

For professionals serving: Infant/Toddler

Setting: Home and Center

ECQuIP Early Childhood Consultants from Iowa AEYC

Curriculum/Teaching

2. Self Regulation vs. Compliance: Considerations to Help

Neurodivergent Children in Our Programs

Time: 10:30 am - 12:00 pm

Children come to our programs with a diverse amount of needs. It can be a struggle to meet the growing needs of children. Take time in this workshop to consider the roots of where those diverse needs may stem from and simple strategies to begin to address some of those needs. This session will specifically consider children on the Autism Spectrum.

For professionals serving: Preschool, School Age, Children with Special Needs

Setting: School, Home and Center

Brandy Smith, Early Childhood Special Education Consultant, Central Rivers AEA

Curriculum/Teaching

3. Hands-on, Minds-on Aquaponics

Time: 10:30 am - 12:00 pm

The workshop will discuss how to make small personal aquaponics systems to teach about micro-ecosystems, plants, and animals. Participants will participate in discussions about responsibility, systems, and learning while creating their personal systems to take home. The IKEA-like plans will be physically given to be shared with their communities. Current ideas for personal study(ies) and continued research/ use will be shown.

For professionals serving: Preschool, School Age, Children with Special Needs

Setting: Home and Center

Dr. Michael Bechtel, Associate Professor Science Education, Wartburg College

Ms. Kate Heithoff, Pre-service Education Student, Wartburg College

Curriculum/Teaching

4. Making Language and Literacy Come Alive through Deep Project Work

Time: 10:30 am - 12:00 pm

Come and learn more about how language and literacy naturally occur in deep project work. See and hear what it looks and sounds like when children are engaged in rich language experiences which occur when children are engaged in questioning, problem solving, collaborating and communicating in authentic project work. You will leave with strategies to facilitate richer language and vocabulary experiences in your early childhood classroom. You will view samples of children's use of written and spoken language.

For professionals serving: Preschool

Setting: Home and Center

*Vickie Parker, Private Consultant/Training
Dawn Johnson, Preschool Teacher/Early Childhood Consultant,
Kids World/ Great Prairie AEA*

Curriculum/Teaching

5. Free Resources to Use with Young Children

Time: 10:30 am - 12:00 pm

PBS KIDS TV programs, websites, mobile apps and other resources for use with children ages 2-8 and their families. We will view selected video clips from PBS programs and identify the learning objectives. We will explore PBS LearningMedia, the gateway to America's largest and most trusted resources to help those who work with children. We will share resources for use with parents, including video and home activities.

For professionals serving: Preschool, School Age, Children with Special Needs

Setting: School, Home and Center

Stacie Steveson, Education Specialist, Iowa PBS

Curriculum/Teaching

6. What's Happening with Child Care in Iowa

Time: 10:30 am - 12:00 pm

This workshop will help participants have a big picture view of key drivers of the child care environment in Iowa. We'll review how the merger at the Department of Health and Human Services (HHS) reorganized state-level child care staffing. Presenters will also review the key pieces of legislation and policy that guide HHS Child Care work in Iowa and discuss new initiatives that support child care providers and Iowa families.

For professionals serving:

Setting: Home and Center

*Wendy Hoogeveen, Child Care Program Manager, Iowa Department of Health and Human Services
Ryan Page, Child Care Director, Iowa Department of Health and Human Services*

Leadership/Management

Friday Workshop Options Continued

7. Go to College - let T.E.A.C.H. pay the bill and WAGE\$ provide an additional financial reward
Time: 10:30 am - 12:00 pm

Learn more about the possibilities that lie ahead for you. Starting with a CDA Credential through a bachelor's degree with an early childhood endorsement, T.E.A.C.H. Early Childhood® IOWA scholarships are here to help. Learn more about how your income can be supported through Child Care WAGE\$ salary supplement program.

For professionals serving: Infant/toddler, Preschool, Program Administration/Business Practices
Setting: Home and Center

Mackenzie Johnson, WAGE\$ and PAEYS Counseling Specialist
Pam Ellis, T.E.A.C.H Counseling Specialist

Leadership/Management

8. Top Ten Updates from the Iowa Department of Education
Time: 10:30 am - 12:00 pm

Changes and improvements are always in play within Iowa's early care, health, and education system! Come hear Iowa Department of Education staff share a collection of Top Ten updates for 2023-24 on topics including early childhood assessment, IELS and/or Iowa Academic Standards, the Iowa Quality Preschool Program Standards, Differentiated Accountability and continuous improvement efforts, new legislation, and more.

For professionals serving: Infant/toddler, Preschool, School Age, Children with Special Needs, Program Administration/Business Practices
Setting: School, Home and Center, Consultants, Trainers

Kimberly Villotti, Bureau Chief- Bureau of Early Childhood, Iowa Department of Education
Mary Breyfogle, Administrative Consultant, Iowa Department of Education

Leadership/Management

11. Building Social Emotional skills throughout your day - Part 1
Time: 1:15 pm - 2:45 pm

Effective prekindergarten instruction is grounded in guidelines for practice. Guidelines for practice (best practices) help children reach their highest potential for learning through a balance of research-based teaching strategies. This session will address the components of an effective pre-k classroom that is built upon using guidelines for practice and effective classroom management strategies. We will take a look at the various learning structures and classroom management pieces that are found in a pre-k classroom and how each of these tools play an important role in fostering positive learner outcomes and build on social emotional skills.

For professionals serving: Preschool
Setting: Home and Center

Jennifer Stritz, ECQuIP Early Childhood Consultant, Iowa AEYC, Laurie Parker, ECQuIP Early Childhood Consultant, Iowa AEYC, Lisa Stocksleger, ECQuIP Early Childhood Consultant, Iowa AEYC

Curriculum/Teaching

9. Happiness is running through the streets to find you even during a pandemic- Continuation of Keynote
Time: 10:30 am - 12:00 pm

Hats off to you early childhood professionals make a difference every day in the lives of children and families we touch. Let's celebrate each of those ways while kicking the unjust "glorified babysitter" label to the curb

For professionals serving:All
Setting: All

Holly Elissa Bruno, Keynotes & Team Building LLC

Relationships/Families

10. My Kid Would Never
Time: 10:30 am - 12:00 pm

Providing tools, tips, and resources to adults on how to make their children safer, smarter tech users. Our mission is to ensure that all adults understand the "importance" of electronic devices and social media to our youth today. We try to help give a better understanding of what our kids are doing with their devices, what should we be watching them for, how can we help them understand the usage of devices and long term affects.

For professionals serving: School Age, Program Administration/Business Practices, Parents, Adults, Teachers
Setting: Home and Center

Christy Teslow, Executive Director, Mobile Mamma

Relationships/Families

Friday Workshop Options Continued

12. Shining a Light on Infant and Toddler Investigation

Time: 1:15 pm - 2:45 pm

Light and shadow investigations are a perfect fit for infant and toddler classrooms. Educators can support investigations and provoke exploration. With careful planning and creative use of materials, light and shadow is a STEM center where early learning standards can be easily addressed. Rationale and guidelines for engaging infants and toddlers, providing opportunities, arranging the environment, and selecting open-ended materials that will promote inquiry and deepen children's learning will be shared.

For professionals serving: Infant/Toddler

Setting: Home and Center

Sherri Peterson, Program Coordinator, University of Northern Iowa

Curriculum/Teaching

13. Early Childhood Philosophy "Speed Dating"

Time: 1:15 pm - 2:45 pm

We all are at this conference because we have children's best interests at heart, but we aren't always as confident to advocate for or justify our position. To begin the session there will be teaching and review of popular philosophies and frameworks in Early Childhood Education. Participants will reflect on their own teaching and caregiving philosophies and pedagogies in relation to the presented material to understand where their foundational beliefs stem from. After self reflection and explicit strategies around interpersonal communication, participants will have a chance to move around and meet other attendees for some "philosophy speed dating". The presenter will share some common topics of debate in early childhood settings and participants will discuss their beliefs and approaches with varying partners to learn about perspectives that may be the same or different from their own. This session is a wonderful choice for attendees who have a growth mindset, want practice with justifying intentional decisions that they make in their practice, or even to practice engaging in communication regarding topics that often result in conflict with colleagues.

For professionals serving: All

Setting: School, Home and Center

Kayla Sullivan, Assistant Teaching Professor and Early Childhood Practicum Coordinator, Iowa State University

Curriculum/Teaching

14. Pint Size Science: Exploring Engineering

Time: 1:15 pm - 2:45 pm

Ready to start your engineering journey with your students? Join the Science Center of Iowa to explore practical ways to include engineering practices, materials properties and problem solving in your classroom. Participants will be invited to investigate appropriate materials that can be used to advance pedagogy to improve problem solving skills with young learners. Learning frameworks and standards application will be a take away that teachers can easily utilize tomorrow

For professionals serving: Preschool and School Age

Setting: Home and Center

*Jolie Pelds, Director of Innovative STEM Teaching, Science Center of Iowa
Amber Forrest, Director of Early Childhood, Science Center of Iowa*

Curriculum/Teaching

15. Storybook Use: Social Diversity, Sensitivity & Humility

Time: 1:15 pm - 2:45 pm

We use storybooks to extend learning beyond listening, into teaching many cognitive concepts; books also open doors to social emotional skill development. References to research and best practices will be shared, however this presentation will focus upon new storybooks and extension activities designed to nurture our own and children's social awareness, sensitive cultural responsiveness, and personal humility. Building our own comfort and capacity to be educators requires on-going consideration and practice. Ibram X. Kendi writes, "Dreaming is power." This presentation will encourage your dreams of what could be if children grow up to see less of "they" and more of "we."

For professionals serving: Preschool and School Age

Setting: School, Home and Center

Crystal Abbe, Family & Community Engagement Specialist, DMPS Preschool Programs

Curriculum/Teaching

Friday Workshop Options Continued

16. A Glimpse into the Project Approach Through the Eyes of Two Classroom Teachers

Time: 1:15 pm - 2:45 pm

The Project Approach gives teachers a way to develop in-depth thinking while engaging the hearts and minds of young children. Projects build on children's natural curiosity, enabling them to interact, question, connect, problem-solve, communicate and reflect. It is authentic learning where children are active participants in studying topics with purpose and flexibility; all while learning needs and standards are met. Come and see two examples of projects from veteran teachers and learn steps that you can take to implement the Project Approach in your classroom!

For professionals serving: Preschool

Setting: Home and Center

Rebecca Wilson, Preschool Teacher, Van Meter Community School District
Dawn Johnson, Preschool Teacher/Early Childhood Consultant, Kids World/ Great Prairie AEA

Curriculum/Teaching

17. Automating Your Child Care Business Practices with Financial Management Consultants and Playground

Time: 1:15 pm - 2:45 pm

This workshop will provide information about how automation can help childcare business owners, operators and administration enhance their business practices. We will discuss some challenges of using automation with your childcare business. We will discuss parts of the automation system including: attendance, billing, enrollment, parent communication, and more. It will include a walkthrough of Playground's software and app including our enrollment, billing, attendance, communication, financial tools, staff management, and many more features.

For professionals serving: Program Administration/Business Practices

Setting: Home and Center

Jacqueline Penning, Financial Management Consultant Supervisor, Mid Sioux Opportunity, Inc/Child Care Collaborative of Iowa
Rebekah Hungate, Financial Management Consultant Supervisor, Mid Sioux Opportunity, Inc/Child Care Collaborative of Iowa
Josh Andrews, Playground

Leadership/Management

18. Iowa's Early Childhood Workforce Study - What we learned and how we're taking action

Time: 1:15 pm - 2:45 pm

Iowa AEYC and I2D2, Iowa's Integrated Data System team, completed an Iowa Early Childhood Workforce study. Data was gathered on the status of workforce. We will share what we learned and what actions are being planned based on the data.

For professionals serving: Program Administration/Business Practices

Setting: Home and Center

Ashley Otte, Director of Workforce Initiatives, IOwa AEYC
Heather Rouse, Associate Professor of HDFS, Director of I2D2

Leadership/Management

19. Taking Family Engagement to the Next Level

Time: 1:15 pm - 2:45 pm

The content will assist classrooms, programs, and districts in the implementation of evidence based strategies and increasing active family participation in decision-making, development of service plan, and support families in achieving goals they hold for their child. Participants will learn why family engagement is vital to supporting student success. In addition, examine the Family DEC Recommended Practices and analyze strategies to support family-centered, family capacity-building practices, and family and professional collaboration. Participants will also engage in reflective activities to support and improve on their current practices.

For professionals serving: Preschool, Children with Special Needs

Setting: School and Preschool

Kristin Rourk, Director of Early Childhood, Des Moines Public Schools
Anna Brown, ESCE Teacher, West Des Moines Community School District

Relationships/Families

Friday Workshop Options Continued

20. Building Social Emotional skills throughout your day - Part 2 Time: 3:00 pm - 4:30 pm

Strong social emotional skills have been proven to be a better indicator for school success than IQ. Children who know how to manage social situations with peers, use communication to solve problems, and understand their own emotions and how to use strategies to calm themselves will have the social emotional intelligence to navigate any social setting. A predictable routine with consistent classroom management will help these skills develop.

For professionals serving: Preschool
Setting: Home and Center

*Jennifer Stritz, ECQuIP Early Childhood Consultant, Iowa AEYC,
Laurie Parker, ECQuIP Early Childhood Consultant, Iowa AEYC,
Lisa Stocksleger, ECQuIP Early Childhood Consultant, Iowa AEYC*

Curriculum/Teaching

21. Learning Gardening With No Space in the Classroom Time: 3:00 pm - 4:30 pm

Helping children to learn about plant growth, from the roots to the complete life cycle. How the plant produces a flower and how it becomes to be the fruit/ vegetable that becomes our food, We will explore different training tools that help children without taking up a very large area within the classroom. We explore different planting way of gardening that allows children to see outside the usual way of thinking when it comes to gardening.

For professionals serving: All
Setting: Home and Center

*Gladys Movall, Master Gardener/Development Professional
Anita Schuckert, Gardener in Farm to School*

Curriculum/Teaching

22. Using AAC and AT in the Inclusive Early Childhood Classroom: From Engagement to Literacy and Beyond Time: 3:00 pm - 4:30 pm

Take a journey with a (recovering) Early Childhood educator and SLP who partnered to move their inclusive classroom from good for most to great for ALL! Topics such as core vocabulary, choosing robust AAC systems, and modeling will be explored to lay the groundwork for AT and AAC base knowledge, as well as how to build the environment from a traditional classroom setting to one rich in visual supports, literacy opportunities, and accessibility for all learners. Pictures, videos, and links to existing materials will guide you to visualize how to take your classroom to the next level. Participants will leave ready to utilize shared resources to transform their environments to support all learners.

For professionals serving: Preschool and Children with Special needs
Setting: School

*Abigail Olson Keibler, Speech-Language Pathologist, Mississippi Bend Area Education Agency
Kory Esbaum, Principal, Bettendorf Community School District*

Curriculum/Teaching

23. Take the First Step in your Education with a CDA Time: 3:00 pm - 4:30 pm

This session will provide an overview of the process to earn a Child Development Associate (CDA) Credential™. Information will be shared about applying for a CDA and the assessment process. You will learn how T.E.A.C.H. Early Childhood® IOWA can help with a variety of scholarship options for the CDA or another type of college degree in early childhood. We support early childhood professionals across the state and provide a variety of resources – come hear from a T.E.A.C.H recipient who has earned their CDA

For professionals serving: Infant/toddler, Preschool, Program Administration/Business Practices
Setting: Home and Center

*Kayla Hunziker, T.E.A.C.H Counseling Specialist, Iowa AEYC
Current Recipient*

Leadership/Management

Friday Workshop Options Continued

24. Automating Your Child Care Business Practices with Financial Management Consultants and brightwheel

Time: 3:00 pm - 4:30 pm

This workshop will provide information about how automation can help childcare business owners, operators and administration enhance their business practices. Addressing the challenges of using an automation system with your childcare program. Discussing the features of automation systems including: attendance, billing, enrollment, parent communication, lesson planning, and more. Also, brightwheel will share an overview of the platform and focus on the ways brightwheel can easily support educators with automation. This includes the impacts of automation on time savings, well-being, family relationships and finances.

For professionals serving: Program Administration/Business Practices

Setting: Home and Center

Jacqueline Penning, Financial Management Consultant Supervisor, Mid Sioux Opportunity, Inc/Child Care Collaborative of Iowa

Rebekah Hungate, Financial Management Consultant Supervisor, Mid Sioux Opportunity, Inc/Child Care Collaborative of Iowa

Katy Close, brightwheel State Representative

25. IQ4K Specialist Panel- let's learn more about the Child Care Center application!

Time: 3:00 pm - 4:30 pm

Participants will engage with members of the IQ4K Specialist team. The team will share application strategies and resources that will help make your application successful. We will also engage in Continuous Quality improve and why Iowa moved towards this system. We will also allow for a Q&A time.

For professionals serving: All

Setting: Center ONLY

Mary Janssen, Regional Director(Region 2), Iowa Child Care Resource and Referral

Jessie Mireles, IQ4K Specialist, Orchard Place

Tessa Amato, IQ4K Specialist, CCR&R Region 4

Leadership/Management

26. Adult Educator Training

Time: 3:00 pm - 4:30 pm

Trainer, Facilitator, Mentor, Coach, Consultant? Have you ever used one of these terms to describe your work or the work that you'd like to do? If so, this session is for you! This workshop will provide you with tips and strategies for making your trainings effective and engaging. Participants will learn basic adult learning principles, instructional design components, how to write learning outcomes, and strategies for making your training stick. ***This training fulfills the Iowa AEYC Adult Educator/Instructor training requirement.**

For professionals serving:

Brandy Smith, Early Childhood Special Education Consultant, Central Rivers AEA

Leadership/Management

27. Baby Doll Circle Time

Time: 3:00 pm - 4:30 pm

This workshop will take you through the connections of baby doll circle time. This will include "I love you rituals", transitions for students and staff. We also go over how this helps facilitate classroom community with kids in your care.

For professionals serving: Infant/toddler

Setting: Home and Center

Nahir Ortiz, Core Teacher, Conmigo Early Learning Center

Marce Juarez, Core Teacher, Conmigo Early Learning Center

Aaron Shore, Instructional Coach, Drake Headstart

Relationships/Families

28. The Environment as the 3rd Teacher: Reawakening the Creative Energy in Your Classroom

Time: 3:00 pm - 4:30 pm

Need fresh ideas to take you classroom creativity quotient to the next level? Come learn how to observe children to extend their learning and use the classroom environment as the "3rd teacher" to provoke creativity. Leave with a fresh perspective, ready to look at your environment in a new way. Reawaken the creative energy of you and your children.

For professionals serving: Infant/toddler, Preschool, Children with Special Needs

Setting: Home and Center

Vickie Parker, Consultant/Trainer

Dawn Johnson, SWVPP teacher and GPAEA Early Childhood Consultant, Great Prairie AEA

40. Sets of Materials to Entice PK-2 Children's Investigations in Light and Shadow

Time: 1:15 pm - 2:45 pm

Young children are curious about light and shadow phenomena. In this session, participants will engage in teacher play to explore sets of materials they can offer to their young learners to capitalize on that curiosity. As participants handle and investigate sets of materials that includes LED work lights, gooseneck table lamps, light pads, 2 and 3D materials and screens, they will discuss questions and comments that will nurture children's development of inquiry, STEM dispositions and executive functions through guided play. By the end of the session, participants will be empowered to offer one set of materials in their classrooms or child care community.

41. Reflecting on Anti-Bias in Action Early Years

Time: 1:15 pm - 2:45 pm

This presentation utilizes vignettes from the film; Reflecting on Anti-Bias in Action, The Early Years, that was created for early childhood educators to visualize what anti-bias education looks like in the classroom. It is based on the four goals of diversity: Identity, Diversity, Justice, and Action. This presentation is proposed to initiate dialog on how to implement anti-bias strategies in the participants' classrooms.

For professionals serving: Infant/toddler, Preschool

Setting: Home and Center

44. How Many Hats Do You Wear as a Director?

Time: 1:15 pm - 2:45 pm

Early childhood directors fill many roles in their center. The challenges facing the early childhood profession include staff shortages, tight budgets, and staff turnover, just to name a few. During this session we will examine the workload these challenges place on directors and find commonality among the issues centers face. There will be time for discussion and sharing. Participants will be able to return to their workplace with a new perspective and understanding of how good of a job they are doing in their role.

51. "Dirt Made My Lunch"
Time: 3:00 pm - 4:30 pm

Participants will be given the tools to help children learn where their food came from, DIRT. They will participate in hands on activities that will include gardening, cooking and singing that they will be able to take back to their programs. They will be given handouts, recipes, and a list of songs to take with them. Books and other literature will be available for them to look through. They will learn how to plant seeds, care for the plants, harvest, cook, and preserve the garden goodness with the children in their program. We will also learn the signing to the song, "Dirt Made My Lunch" by the Banana Slug String Band.

52. Sets of Materials to Entice PK-2 Children's Investigations in Light and Shadow
Time: 3:00 pm - 4:30 pm

Young children are curious about light and shadow phenomena. In this session, participants will engage in teacher play to explore sets of materials they can offer to their young learners to capitalize on that curiosity. As participants handle and investigate sets of materials that includes LED work lights, gooseneck table lamps, light pads, 2 and 3D materials and screens, they will discuss questions and comments that will nurture children's development of inquiry, STEM dispositions and executive functions through guided play. By the end of the session, participants will be empowered to offer one set of materials in their classrooms or child care community.
